DON'T LET REVENUE SLIP AWAY
Improve Your Clinical Charge Capture

The HFMA reports that hospitals lose **1% of their net revenue** due to problems stemming directly from charge capture. For the average hospital that's more than **$1.5M annually.**

Trust our proven methodologies and start recovering revenue now. No lengthy assessments, just quick wins and immediate impact to your bottom line.

PERMANENT SOLUTIONS

We've honed ways to address the root problems quickly, directly, and permanently. Our project maximizes facility and professional revenue streams, and improves staff accuracy, efficiency, and satisfaction.

THE IMPROVEMENT PROCESS

- An audit of claims

- System automation and module integration

- CDM & code integration best practice

- Direct clinician engagement
